

MAINTAINED GOVERNING BODY SCHEME OF DELEGATION 2026-2027

Banks Road Infant and Nursery School

Introduction

Governing bodies are accountable in law for all major decisions about the school and its future. However, this does not mean that they are required to carry out all the work themselves. Many of the tasks can and should be delegated to individuals and committees. It is vital that the decision to delegate a task/responsibility to an individual is made by the full governing body and recorded – without this permission from the FGB, the individual/committee has no power to act.

The table below sets out the major areas of responsibility for the governing body and to whom they can delegate each task. **This scheme of delegation** shows to which level the governing body may legally delegate functions. Please note that this scheme of delegation does not apply to academies who will use their own documentation.

ACTION REQUIRED - The FGB need to use this scheme, consider each item, and indicate who has responsibility for each decision. Please note that some decisions cannot be delegated and remain the responsibility of the FGB, and this is indicated on the scheme.

- The governing body is responsible for the strategic direction of the school.
- Committees can be given delegated authority (subject to prescribed restrictions) to make decisions, monitor, evaluate and review particular plans, policies and targets. The head and staff play the major role in formulating plans, policies and targets to bring to committees or to the governing body for discussion prior to adoption by the full governing body.
- The Headteacher is responsible for operational decisions such as internal organisation, management and control of the school and is accountable to the governing body.
- Although decisions may be delegated, the governing body as a whole remains responsible for any decision made under delegation therefore the governing body should receive reports/minutes from any individual or committee to whom a function of the governing body has been delegated and consider whether any further action is necessary.

Annual Review - The governing body must review the delegation of functions annually. The governing body will remain accountable for any decisions taken, including those relating to functions delegated to a committee or individual.

Quoracy - Decisions may only be made if a meeting is quorate. The quorum for full governing body meetings is 50% (rounded up to the nearest whole number) of the governors in post (not including vacancies). The minimum quorum for a committee is three governors, but the full governing body may set this at a higher level if it wishes. Associate Members do not count towards quoracy.

Boards with committees - The governing body must determine the membership and proceedings of any committee. A chair must be appointed annually to each committee by the governing body or elected by the committee as determined by the governing body. The governing body may remove the chair of a committee from office at any time. The governing body must appoint a clerk to each committee established by it, who must not be the headteacher of the school.

Boards without committees – Circle Model - A board may decide to have a circle model of governance where the board may meet, usually twice a term, and no decisions are delegated down to committees (with the exception of the pay committee – see below). Each of the meetings need to be carefully planned out for the whole year to make sure that all responsibilities of the governing board are completed (see annual planner). It is important that governors keep on top of monitoring under the circle model, including both carrying out the visits or discussions and reporting them back to the board.

All boards - Pay Committees. - Pay decisions are usually made by a pay committee (non-staff governors) because if a decision is made about any aspect relating to an employee's pay, the pay policy provides a right to an appeal heard by a separate group of governors who have **not** been part of the original decision. Even though the law allows the headteacher to sit on a pay committee, as long as their own pay is not being discussed, this is **not** considered good practice. The pay process is more robust if the person making the recommendation, usually the headteacher, does not take part in the final decision. In any decisions on pay the governing body must ensure that there is no pecuniary interest.

Governor panels - may also be needed as required for governor complaints panels or exclusions etc. It is not recommended that a standing committee is set up for panel meetings, "standing" meaning permanently in place. If a standing committee member for a complaint panel has a conflict of interest or is not able to attend due to illness, then replacement cannot be sought easily as the committee membership would need to be reviewed by the full governing board and this may cause a delay in the process. It is more practicable to put together a governor panel as and when required from the governing body (governors can also be "borrowed" from other maintained and academy boards). Please see the complaints toolkit.

VA and VC Schools are required by law to establish the following statutory committees (where necessary):

- Community, Voluntary Controlled, Voluntary Aided and Foundation schools - Staff hearing/appeals.
- Voluntary Aided and Foundation schools - Admissions Committee

Chair's emergency powers/Chair's actions

The chair (or vice-chair if the chair is unavailable or the position is vacant) can make decisions on the governing body's behalf using the power of 'chair's action' (Regulation 8 of the Role, Procedures and Allowances Regulations).

The chair is first amongst equals and decisions should be made by the board, therefore the Chair's power should only be used where any delay would be likely to be seriously detrimental to the interests of:

- the school
- any pupil at the school or his/her parent
- or a person who works at the school.

Decisions taken under the power of 'chair's action' must be reported to the governing body at the first available opportunity.

Key

Level 1: Full governing body

Level 2: A committee of the governing body

Level 3: An individual governor

Level 4: Headteacher.

Grey box Function **cannot** be conducted at this level.

✓ Action could be undertaken by this level.

All Governors - ACTION REQUIRED - The board need to discuss and agree in a FGB meeting who has the responsibility for taking decisions regarding each item below, and if the decision has been delegated, then state who is responsible. (in line with the levels above). In practice, the HT and chair may review together the previous document and share a draft of the proposed scheme of delegation for consideration approval at the summer term Full Governing Board meeting, to be in place for the start of the new academic year.

The agreed Scheme of Delegation can help provide a terms of reference for your committee along with the Annual Planner, which will support the content of the board's termly agendas. (A draft term of reference for committees is available in the Nottinghamshire Governor Services Governorhub resources pages).
