

Our Visit to Banks Road

We went to visit Banks Road School to find out more about them. The entrance at Banks Road is like ours, we met the nice ladies in the office. We found a photo of Wendy on their staff board and found out she works at both William Lilley and Banks Road. We met Mrs Pursglove and had a drink in the staffroom. We sat and had a lovely dinner of fish fingers and potato wedges just like at our school but we had a different pudding, carrot cake! Yummy! Mrs Pursglove was very friendly and showed us around Banks Road. Their hall floor was the same as ours but they had a special cupboard to keep their chairs tidy.

The Classrooms

The classrooms at Banks Road were very big. They have their own class toilets and sinks in each room. They had great role play areas. Their word displays are just like ours. At Banks Road they have an interactive board

just like the one in the Butterflies room.

Learning at Banks Road School

At Banks Road they have lots of topics. The Year One children have been learning all about 'Space' just like us. They go on trips just like us. Each class gets to visit the library once every half term and we love this idea.

Outside at Banks Road School

They have a fantastic playground with a tyre area, trim trail and a football pitch. We had a great time exploring the area. They have lots by bikes in their Foundation area.

We met Mrs Clemens and she gave us a Head Teacher's Award! The children at Banks Road were very friendly and polite. We had a fabulous time at Banks Road. We learnt all about how our schools are the same and different.
